

September 11, 2018

Dear Warsaw Convention Bureau team,

The feedback from all of our clients and partners about Global DMC Partners Connection 2018 has been extraordinarily positive. Most of them discovered Warsaw during our Connection and were extremely impressed with the warmth of the people, the quality and creativity of the service and the many opportunities that Poland and Warsaw have to offer. What I particularly appreciated was the fact that we were able to showcase many different aspects of Warsaw from the more classical to the more cutting edge. The evening reception and exhibition at the Palace of Culture and Science was ideal too.

Connection 2018 was a huge success thanks to you and to Warsaw Convention Bureau's partnership. We could not have done it without you! In the end, this success does not really surprise me as I felt from my very first visit that Warsaw was the ideal first European destination for our conference

We expect a surge in demand after such a successful experience. It will bring revenue to Warsaw!

Sincerely,

Catherine Chaulet
President
